Ipswich City Council Ipswich Adopted Infrastructure Charges Resolution (No. 1) 2024

Part 1 Introduction

1. Short title

This resolution may be cited as *Ipswich Adopted Infrastructure Charges* Resolution (No. 1) 2024.

2. Commencement

This resolution has effect on and from the day the making of this resolution by the local government is first uploaded on the relevant local government website.¹

Editor's note—See section 118(2) (Steps after making charges resolution) of the Planning Act 2016.

3. Planning Act 2016

- (1) This resolution is made under the Planning Act.
- (2) This resolution is to be read in conjunction with the following:
 - (a) the Planning Regulation;
 - (b) the Ipswich planning scheme.
- (3) This resolution is attached to but does not form part of the Ipswich planning scheme.

Editor's note—See section 118(1) (Steps after making charges resolution) of the Planning Act 2016.

4. Purpose

The purpose of this resolution is to state the following:

- (a) the adopted charges for providing the local government trunk infrastructure networks and distributor-retailer trunk infrastructure networks for development;
- (b) the levied charges to be levied by the local government for development for the demand placed on the local government trunk infrastructure networks;

¹ The making of this resolution by the local government was first uploaded on the Ipswich City Council website on 1 July 2024.

(c) matters relevant to the working out of an offset and refund for a trunk infrastructure contribution for the local government trunk infrastructure networks for development.

5. Interpretation

- (1) The dictionary in schedule 1 defines words used in this resolution.
- (2) A word not defined in this resolution which is defined in the Planning Act has the meaning given in the Planning Act.
- (3) A word not defined in this resolution or the Planning Act has the meaning given to it by the edition of the Macquarie Dictionary that is current at the date this resolution takes effect, subject to section 14A (Interpretation best achieving Act's purpose) of the Acts Interpretation Act 1954 and section 14 (Applicable provisions) of the Statutory Instruments Act 1992.

Editor's note—Section 14A(1) (Interpretation best achieving Act's purpose) of the Acts Interpretation Act 1954, which provides that in the interpretation of a provision of an Act the interpretation that will best achieve the purpose of the Act is to be preferred to any other interpretation, applies to a statutory instrument under section 14 (Applicable provisions) of the Statutory Instruments Act 1992.

Part 2 Adopted charges

6. Purpose of part 2

Part 2 states the following:

- (a) the adopted infrastructure charges for providing trunk infrastructure networks for development (*adopted charge*);
- (b) the *trunk infrastructure networks*, which are the following:
 - (i) for the local government—the trunk infrastructure for the local government's transport, public parks and community facilities infrastructure networks (*local government trunk infrastructure networks*);
 - (ii) for the distributor-retailer—the trunk infrastructure for the distributor-retailer's water service and wastewater service (*distributor-retailer trunk infrastructure networks*).
- (c) the date the adopted charges take effect (*applicable date*);
- (d) the part of the local government area to which the adopted charges apply (*applicable area*);
- (e) the uses to which the adopted charges apply (*applicable use*).

7. Adopted charges

- (1) The local government has before levied adopted infrastructure charges under the Planning Act on the following basis:
 - the local government had before 30 June 2011 adopted *Planning* Scheme Policy 5—Infrastructure (**PSP 5**) which stated a charge for the trunk infrastructure networks for development;
 - (b) the adopted infrastructure charge was the lesser of a charge the local government could have obtained in relation to a development by imposing a condition of a development approval requiring a financial contribution under PSP 5 and the maximum adopted charge under the Planning Regulation;
 - the proportion of the adopted infrastructure charge that could be charged by the distributor-retailer was determined by the Planning Regulation to be the proportion that the distributor-retailer was able to charge under PSP 5;
 - (d) the proportion of the adopted infrastructure charge that could be levied by the local government was the balance of the adopted infrastructure charge that was not the proportion of the adopted infrastructure charge that could have been charged by the distributor-retailer.

- (2) The local government has for the purpose of working out the adopted charges for the local government trunk infrastructure networks under this resolution determined the following:
 - (a) a charge for each trunk infrastructure network based on PSP 5 (including indexation) for development which is included in schedule 2 (*trunk infrastructure network charges*) that comprise the following:
 - a charge for each local government trunk infrastructure network (*local government trunk infrastructure network charge or LNC*);
 - (ii) a charge for each distributor-retailer trunk infrastructure network (*distributor-retailer trunk infrastructure network charge or DNC*);
 - (b) a total charge for all trunk infrastructure networks worked out by adding the *LNC* and the *DNC* (*total trunk infrastructure network charges or Total NC*);
 - (c) the proportion of the DNC to the Total NC being the proportion of the adopted infrastructure charge that could be charged by the distributorretailer (*relevant proportion or RP*);
 - (d) the maximum adopted charge (*maximum adopted charge or MAC*) is to be applied by the local government as follows:
 - for a reconfiguring a lot which is in the residential area or other area not in the commercial or industrial area, the amount of the MAC for a dwelling house (3 or more bedroom);
 - (ii) for a reconfiguring a lot which is in the commercial or industrial area, the nominated percent of the *MAC* for the use of the premises as prescribed in Table B in schedule 2;
 - (iii) for a material change of use, the amount of the *MAC* for the proposed use of the premises;
 - (e) the distributor-retailer's adopted charge cannot exceed the relevant proportion of the *MAC*.
- (3) The adopted charge (AC) for the local government trunk infrastructure networks is to be worked out by the local government as follows:
 - (a) where *Total NC* is less than or equal to the *MAC*, *the LNC*;
 - (b) where *Total NC* is greater than the *MAC*, *the following calculation:*

Editor's note—For adopted charges for providing the local government trunk infrastructure networks—see section 113(1) (Adopting charges by resolution) and 114(1) (Contents—general) of the Planning Act 2016.

8. Trunk infrastructure networks for adopted charges

- (1) The local government trunk infrastructure networks are specified in the local government infrastructure plan.
- (2) The distributor-retailer trunk infrastructure networks are specified in the *distributor-retailer infrastructure planning instrument* which means the following:
 - (a) the distributor-retailer's water netserv plan under the SEQ Water Act;
 - (b) the interim connections policy and schedule of works under the SEQ Water Act adopted by the distributor-retailer if paragraph (a) is not applicable;
 - (c) the local government's local government infrastructure plan, if paragraphs (a) and (b) are not applicable.

9. Applicable date for the adopted charges

The applicable date for the adopted charges is the day this resolution has effect.

Editor's note—See section 2 (Commencement).

10. Applicable area for the adopted charges

The applicable area for the adopted charges is all of the local government area.

Editor's note—See section 114(2) (Contents—general) of the Planning Act 2016.

11. Applicable uses or activity for the adopted charges

- (1) The applicable uses or activity under the Ipswich planning scheme and the Springfield structure plan to which the adopted charges apply are stated in schedule 3.
- (2) The local government is to include a use or activity under the Ipswich planning scheme or Springfield structure plan as 'Any other use not listed, including a use that is unknown' in schedule 3, column 1 pursuant to the Planning Regulation based on an assessment of the use and the demand placed upon the trunk infrastructure networks.
- (3) The local government has indicatively included the uses or activity under the Ipswich planning scheme and the Springfield structure plan in schedule 3, column 2 and column 3 which are identified as an 'Other use' in schedule 3, column 1 pursuant to the Planning Regulation subject to an assessment of the use and the demand placed upon the trunk infrastructure networks.

Editor's note—See schedule 16, Table 1, column 1 and column 2, 'Other uses', of the Planning Regulation.

Part 3 Levied charges

12. Purpose of part 3

Part 3 states the following:

- (a) the applicable development for which adopted charges may be levied by the local government for development for the demand placed upon the local government trunk infrastructure networks (*levied charge*);
- (b) the method to be applied by the local government for working out the levied charge including the following:
 - (i) the adopted charge to be applied (*applied adopted charge*);
 - the additional demand placed upon the local government trunk infrastructure networks which will be generated by the development (*additional demand*);
 - (iii) the relief to be applied to the levied charge (*levied charge relief*);
 - (iv) the discount to be applied for a financial contribution (*prescribed financial contribution*):
 - (A) provided for in relation to a local government trunk infrastructure network under an infrastructure charging instrument for a previous development approval;
 - (B) which has been paid to the local government or otherwise satisfied under an infrastructure agreement between the applicant for the previous development approval and the local government for the provision of land, work or money for the local government trunk infrastructure networks; and
 - (C) which has not been reimbursed or otherwise previously applied against another financial contribution;
- (c) the method to be applied by the local government for working out the increase in the levied charge from the day the levied charge is levied to the day the levied charge is paid (*automatic increase*).

13. Applicable development for the levied charge

- (1) The levied charge may be levied for the following development:
 - (a) reconfiguring a lot;
 - (b) material change of use of premises.

- (2) The levied charge is not to be levied for the following:
 - (a) works or use of premises authorised under the *Greenhouse Gas* Storage Act 2009, the Mineral Resources Act 1989, the Petroleum Act 1923 or the Petroleum and Gas (Production and Safety) Act 2004; or
 - (b) development in a priority development area under the *Economic Development Act 2012*; or
 - (c) development by a department, or part of a department, under a designation; or
 - (d) development for a non-State school under a designation.

Editor's note—See section 113(3) (Adopting charges by resolution) of the Planning Act 2016.

14. Working out the levied charge

The levied charge for the development is to be worked out by the local government as follows:

 $LC = ((AC \times AD) - LCR) - D$

Where:

LC is the levied charge for the development, which cannot be less than zero.

AC is the applied adopted charge for the development.

AD is the additional demand for the development.

LCR is the levied charge relief for the development.

D is the discount for the prescribed financial contribution.

15. Working out the applied adopted charge

The applied adopted charge for the development is to be worked out by the local government by applying the following:

- the adopted charge worked out under section 7 (Adopted charges), if paragraph (b) does not apply;
- (b) the applied adopted charge for particular uses in schedule 4, if the local government considers that it should be applied having regard to the additional demand placed upon the local government trunk infrastructure networks which will be generated by the development.

16. Working out the additional demand

(1) The additional demand for the development is to be worked out by the local government as follows:

AD = DD - DC

Where:

AD is the additional demand.

DD is the demand placed upon the local government trunk infrastructure networks which will be generated by the development (*development demand*).

DC is the demand placed upon the local government trunk infrastructure networks generated by existing or previous development if applicable (*demand credit*).

- (2) The development demand is worked out using the relevant unit of calculation for an adopted charge for the development in schedule 2 (*demand unit*).
- (3) The demand credit is to be worked out using the greater of the following:
 - (a) if the premises is subject to an existing use which is lawful and already taking place on the premises (*existing lawful use*) that places demand upon the local government trunk infrastructure networks, the demand generated for the existing lawful use using the applicable demand units for the use;
 - (b) if the premises is subject to a previous use which was lawful at the time it was carried out and is no longer taking place on the premises (*previous lawful use*) that placed demand upon the local government trunk infrastructure networks, the demand generated for the previous lawful use using the applicable demand units for the use;
 - (c) if the premises is a vacant lot in a Residential Zone (other than for a vacant lot in subsection (3)(e) below), the demand for one dwelling house (3 bedroom dwelling) in schedule 2;

Editor's note—vacant lot excludes lots on which a standalone dwelling is not intended to be located, such as access restriction lots, volumetric lots, common property lots, or the like.

- (d) if the relevant local government trunk infrastructure network is the transport network and the premises are identified in column 1 of schedule 5 (*deemed demand*) the demand identified in column 2 of schedule 5;
- (e) if the premises is a vacant lot in a commercial or industrial area and a levied charge has been paid pursuant to section 7(2)(d)(ii), the demand calculated under section 7(2)(d)(ii).

Editor's note—See section 120 (2) and (3) (Limitation of levied charge) of the Planning Act 2016.

(4) The demand credit for an existing lawful use or previous lawful use under subsections 3(a) and 3(b) is to be worked out by the local government prior to the time for the giving of the relevant approval to which the levied charge applies as follows:

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (a) the local government is to:
 - determine if a demand credit for the existing lawful use or the previous lawful use is applicable to the development including requesting additional evidence of the existing lawful use or previous lawful use from the applicant during the information request period for the development application;
 - (ii) work out the demand credit for the existing lawful use or previous lawful use if applicable; and
 - (iii) give a notice to the applicant stating the outcome of the local government's determination.

Editor's note—The notice may be given in an infrastructure charges notice.

(5) The demand credit for the deemed demand under subsection 3(d) is to be worked out by the local government prior to the time for the giving of the relevant approval to which the levied charge applies as follows:

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (a) an applicant which is seeking the demand credit for the deemed demand is to:
 - (i) give a notice to the local government which provides evidence of the following:
 - (A) the premises or zone is identified in Schedule 5 (*deemed demand*);
 - (B) the existing lawful use and the calculation of the demand generated by the existing lawful use on the transport network;
- (b) the local government is to:
 - (i) determine if the demand generated by the existing lawful use is applicable to the development;
 - (ii) if it is satisfied that there is no outstanding infrastructure contribution under a previous development approval, work out the deemed demand as follows:

DD = AD - ED

Where:

DD is the deemed demand.

AD is the assumed demand for the applicable deemed demand area in schedule 5.

ED is the demand generated by the existing lawful use on the transport network which is applicable to the development.

(iii) give a notice to the applicant stating the outcome of the local government's determination.

Editor's note—The notice may be given in an infrastructure charges notice.

- (6) The demand credit under subsection 3(e) is to be worked out by the local government prior to the time for the giving of the relevant approval to which the levied charge applies as follows:
 - (a) an applicant which is seeking the demand credit is to:
 - (i) give a notice to the local government which provides evidence of the following:
 - (A) application details and any relevant conditions relating to the payment of the levied charge made under section 7(2)(d)(ii);
 - (B) receipt of the payment of the levied charge made under section 7(2)(d)(ii);
 - (C) the infrastructure agreement under which payment of the levied charge has been satisfied (where relevant);
 - (b) the local government is to determine if the demand credit is applicable to the development.
- (7) A demand credit is only to be provided to a maximum amount equal to the development demand.

17. Working out the levied charge relief

(1) The amount of the levied charge relief for the development is to be worked out by the local government as follows:

 $LCR = AC \times AD \times PR$

Where:

LCR is the levied charge relief.

AC is the applied adopted charge for the proposed development worked out under section 15 (Working out the applied adopted charge).

AD is the additional demand for the proposed development worked out under section 16 (Working out the additional demand).

PR is the relevant percentage of levied charge relief stated in schedule 6.

(2) The levied charge relief for the development is to be worked out by the local government prior to the time for the giving of the relevant approval to which the levied charge applies as follows:

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (a) an applicant which is seeking the levied charge relief is to:
 - (i) give a notice to the local government which provides evidence of the following:
 - (A) the applicant is a prescribed community organisation;
 - (B) the proposed development is a prescribed community development;
 - (C) the calculation of the amount of the levied charge relief;
- (b) the local government is to:
 - determine if the applicant is a prescribed community organisation and the proposed development is a prescribed community development;
 - (ii) if it accepts that the applicant is a prescribed community organisation and the proposed development is a prescribed community development, work out the levied charge relief; and
 - (iii) give a notice to the applicant stating the outcome of the local government's determination.

Editor's note—The notice may be given in an infrastructure charges notice.

18. Working out the discount for the prescribed financial contribution

(1) The amount of the discount for the prescribed financial contribution is to be worked out by the local government as follows:

D = PFC - (AC - DC)

Where:

D is the discount which cannot be less than zero.

PFC is the amount of the prescribed financial contribution.

AC is the applied adopted charge for the proposed development worked out under section 15 (Working out the applied adopted charge).

DC is the demand credit if applicable worked out under section 16 (Working out the additional demand).

(2) The discount for the prescribed financial contribution is to be worked out by the local government prior to the time for the giving of the relevant approval to which the levied charge applies as follows:

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

(a) an applicant which is seeking the discount for the prescribed financial contribution is to:

- (i) give a notice to the local government which provides evidence of the prescribed financial contribution and the calculation of the discount;
- (b) the local government is to:
 - (i) determine if the discount for a prescribed financial contribution is applicable to the development;
 - (ii) work out the discount for the prescribed financial contribution if applicable; and
 - (iii) give a notice to the applicant stating the outcome of the local government's determination.

Editor's note—The notice may be given in an infrastructure charges notice.

19. Working out the automatic increase

(1) The automatic increase of the levied charge is to be worked out by the local government as the amount which is equal to the increase calculated by using the index stated in the Planning Act.

Editor's note—See section 114(3)(b), (4) and (6) (Contents—general) of the Planning Act 2016.

(2) However the amount of the automatic increase of the levied charge must not be more than the amount of the increase prescribed by the Planning Act.

Editor's note—See section 114(5) (Contents—general) of the Planning Act 2016.

Part 4 Offset and refund for trunk infrastructure

20. Purpose of part 4

Part 4 states the following matters relevant to the working out of an offset or refund for the provision of trunk infrastructure for the local government trunk infrastructure networks for development:

- (a) the criteria for trunk infrastructure to be applied by the local government in deciding if development infrastructure is trunk infrastructure (*identified trunk infrastructure criteria*);
- (b) the method to be applied by the local government for working out the cost of trunk infrastructure for an offset or refund where an applicant is required under a condition of a relevant approval to provide land or work for the following trunk infrastructure for local government trunk infrastructure networks (*trunk infrastructure contribution*):

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

(i) *identified trunk infrastructure* development infrastructure which is identified in the local government infrastructure plan;

Editor's note—See section 127 (Application and operation of subdivision) and 128(1)(a) (Necessary infrastructure conditions) of the Planning Act 2016.

- (ii) *different trunk infrastructure*_development infrastructure which:
 - (A) is an alternative to the identified trunk infrastructure; and
 - (B) delivers the same desired standards of service for the network of development infrastructure stated in the local government infrastructure plan;

Editor's note—See section 127 (Application and operation of subdivision) and 128(1)(b) (Necessary infrastructure conditions) of the Planning Act 2016.

- (iii) **necessary trunk infrastructure** development infrastructure which is not identified trunk infrastructure or different trunk infrastructure that satisfies the identified trunk infrastructure criteria and is necessary to service development;
- (iv) prescribed trunk infrastructure—development infrastructure which is not identified trunk infrastructure, different trunk infrastructure or necessary trunk infrastructure that becomes trunk infrastructure under the Planning Act;
- (c) whether an offset or refund applies and if so the details of the offset and refund and the timing of the offset and refund.

21. Identified trunk infrastructure criteria

The identified trunk infrastructure criteria for deciding that development infrastructure is trunk infrastructure are the following:

- (a) that the development infrastructure is necessary to service development consistent with the assumptions about the type, scale, location or timing of future development stated in the local government infrastructure plan;
- (b) that the development infrastructure complies with the criteria in schedule 7.

22. Working out the establishment cost

The establishment cost for a trunk infrastructure contribution is to be worked out by the local government using the following:

- (a) for the calculation of the establishment cost—the method in section 23 (Calculation of the establishment cost);
- (b) for the recalculation of the establishment cost for work calculated under paragraph (a)—the method in section 24 (Recalculation of the establishment cost for work);
- (c) for the recalculation of the establishment cost for land calculated under paragraph (a)—the method in section 25 (Recalculation of the establishment cost for land).

23. Calculation of the establishment cost

- (1) The establishment cost for a trunk infrastructure contribution is to be worked out by the local government using any of the following:
 - (a) the planned estimate of the trunk infrastructure contribution;
 - (b) a cost-based estimate of the establishment cost for the trunk infrastructure contribution determined by the local government using first principles estimating;
 - (c) an estimate of the establishment cost for the trunk infrastructure contribution reasonably determined by the local government.
- (2) The *planned estimate* of the trunk infrastructure contribution if:
 - the whole of an item of identified trunk infrastructure—is the *planned cost* being the amount of the value of the item stated in schedule 8;
 - (b) part of an item of identified trunk infrastructure—is the estimate of the proportion of the planned cost of the item of identified trunk infrastructure applicable to the trunk infrastructure contribution having regard to the method used by the local government to work out the planned cost of the item of identified trunk infrastructure stated in the extrinsic material to the local government infrastructure plan; and

(c) different trunk infrastructure, necessary trunk infrastructure or prescribed trunk infrastructure—is the estimate of the planned cost of the infrastructure having regard to the method used by the local government to work out the planned cost of the identified trunk infrastructure for the network of development infrastructure stated in the extrinsic material to the local government infrastructure plan.

24. Recalculation of the establishment cost for work

Market cost

- (1) The establishment cost for a trunk infrastructure contribution for work may be recalculated by the local government at the request of the applicant by using the market cost for the work.
- (2) The *market cost* for the work is the estimate of the cost of the design and construction of the work:
 - (a) including the following:
 - (i) the construction cost for the work;
 - (ii) construction on costs for the work which do not exceed the maximum construction on costs stated in schedule 9 for the following:
 - (A) the cost of survey for the work;
 - (B) the cost of geotechnical investigations for the work;
 - (C) the cost of only detailed design for the work;
 - (D) the cost of project management and contract administration;
 - (E) the cost of environmental investigations for the work;
 - (F) a portable long service leave payment for a construction contract for the work;
 - (iii) risk and contingencies which do not exceed 10% for the cost of that part of the of the work in a construction contract which is subject to a contingency.

Example—

A construction contract for a trunk road infrastructure network item may state a contingency for pavement design and service relocation.

- (b) excluding the following:
 - (i) the planning of the work;
 - (ii) a cost of carrying out temporary infrastructure;

- (iii) a cost of carrying out other infrastructure which is not part of the trunk infrastructure contribution;
- (iv) a cost of the decommissioning, removal and rehabilitation of infrastructure identified in paragraphs (ii) and (iii);
- (v) a part of the trunk infrastructure contribution provided by:
 - (A) the local government; or
 - (B) a person, other than the applicant or a person engaged by the applicant;
- (vi) a cost to the extent that GST is payable and an input tax credit can be claimed for the work;
- (vii) a cost attributable directly or indirectly to the failure of an applicant or a person engaged by the applicant to perform and fulfil a relevant approval for the work;

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (viii) a cost caused or contributed to by a negligent or wilful act or omission by the applicant or a person engaged by the applicant;
- (ix) a cost of carrying out development infrastructure which is only made necessary by the development and does not contribute to the function of the trunk infrastructure item;
- (x) a cost of carrying out trunk infrastructure which relates to another development infrastructure network;
- (xi) a cost of carrying out development infrastructure which is replacing existing infrastructure with different infrastructure in another development infrastructure network;
- (xii) a cost of existing development infrastructure which services or is planned to service existing or future demand that is replaced by the trunk infrastructure contribution.

Determining the market cost

- (3) The local government is to, prior to the applicant starting the construction of the work, determine the market cost for the work as follows:
 - (a) the applicant is to undertake an open tender process for the work;
 - (b) the applicant is to:
 - (i) give to the local government a notice which states the following:
 - (A) an open tender process has been conducted;
 - (B) the tenders received;

- (C) the applicant's preferred tenderer and where the trunk infrastructure contribution is trunk road infrastructure a statement demonstrating the tender is from a *suitably qualified civil contractor*;
- (D) the applicant's reason for the preferred tenderer;
- (E) the terms of the construction contract for the work;
- (F) a plan for each development infrastructure network clearly showing the extent of the work for which an offset is sought;
- (G) the applicant's calculation of the market cost for the work; and

Editor's note—Tenders for the development of trunk road infrastructure are only to be accepted from a **suitably qualified** *civil contractor*.

(ii) pay the prescribed fee;

Editor's note—The prescribed fee may include local government's costs for determining the market cost.

- (c) the local government may, within 15 business days of the date the notice under paragraph (b) is received by the local government, give a notice to the applicant which states that the applicant is to provide to the local government a document to enable the local government to determine the market cost including without limitation the following:
 - (i) details in respect of a construction contract for the work;
 - (ii) a plan for each development infrastructure network clearly showing the scope of the work for which an offset is sought;
- (d) the applicant is to comply with a notice given by the local government to the applicant under paragraph (c);
- the local government is to as soon as reasonably practicable determine the market cost acting reasonably having regard to the matters in paragraphs (a) to (d);
- (f) the local government after determining the market cost is to as soon as reasonably practicable:
 - (i) give to the applicant a notice which states the following:
 - (A) the local government's calculation of the market cost for the work and the reason for any difference from the applicant's calculation;
 - (B) the establishment cost for the work; and
 - (ii) issue an amended infrastructure charges notice.

Adjustment of the establishment cost

- (4) The local government is to, after the completion of the construction of the work and prior to the date for the payment of a levied charge, determine an adjustment to the establishment cost as follows:
 - (a) this subsection only applies to a cost of work (*prescribed cost*) if the cost:
 - (i) would have formed part of the market cost used to work out the establishment cost for the work; and
 - (ii) was not included in the market cost used to work out the establishment cost or was included in the market cost used to work out the establishment cost but was for an amount less than the prescribed cost; and
 - (iii) was included in the market cost used to work out the establishment cost but was subject to a contingency stated in subsection (2)(a)(iii);
 - (b) the applicant may, prior to 15 business days after the applicant has completed the work:
 - (i) give to the local government a single notice which is to state the following:
 - that the applicant requests that the local government adjust the establishment cost to take account of the prescribed cost;
 - (B) all information reasonably necessary to establish the calculation of the prescribed cost and that the cost is a prescribed cost;
 - (C) the applicant's calculation of the prescribed cost; and
 - (ii) pay the prescribed fee if paragraph (i) applies.

Editor's note—The prescribed fee may include local government's costs for determining whether the establishment cost is to be adjusted.

- (c) the local government may, within 15 business days of the date the notice under paragraph (b) is received by the local government, give a notice to the applicant which states that the applicant is to provide to the local government a document to enable the local government to determine the value of an adjusted establishment cost;
- (d) the applicant is to comply with a notice given by the local government to the applicant under paragraph (c);
- (e) the local government is to as soon as reasonably practicable determine whether the establishment cost is to be adjusted acting reasonably having regard to the matters in paragraphs (a) to (d);

- (f) the local government after determining whether the establishment cost is to be adjusted, is to as soon as reasonably practicable:
 - (i) give to the applicant a notice which states the following:
 - (A) the local government's calculation of the adjusted establishment cost for the work and the reason for any difference from the applicant's calculation;
 - (B) the establishment cost for the work; and
 - (ii) issue an amended infrastructure charges notice.

25. Recalculation of the establishment cost for land

- (1) The establishment cost for a trunk infrastructure contribution for land may be recalculated by the local government at the request of the applicant using the current market value of the land.
- (2) The *current market value* of the land is the difference, determined by using the before and after method of valuation of the whole of the subject premises, between the value of the subject premises including the land and the value of the subject premises excluding the land consistent with the parameters outlined in the Minister's Guidelines and Rules.
- (3) The local government is to, prior to the date of payment of the levied charge, determine the market value of the land as follows:
 - (a) the applicant is to provide to the local government the following:
 - (i) a notice requesting the recalculation of the establishment cost for the land;
 - (ii) a valuation of the land undertaken by a certified practicing valuer;
 - (iii) the prescribed fee;

Editor's note—The prescribed fee may include the local government's costs of the recalculation process including the cost of the registered valuer and independent certified practicing valuer.

- (b) the local government may, if the matters in paragraph (a) are satisfied, refer the valuation to a registered valuer to assess whether the valuation is consistent with the current market value;
- (c) the local government is to decide whether to:
 - (i) accept the valuation; or
 - (ii) reject the valuation;
- (d) the local government is to, if it accepts the valuation:
 - (i) give to the applicant a notice stating the establishment cost for the land; and

- (ii) index the establishment cost for the land using the CPI from the date of the accepted valuation to the date stated in the amended infrastructure charges notice;
- (e) the local government is to, if it rejects the valuation, refer the valuation to an independent certified practicing valuer to:
 - (i) assess whether the valuation is consistent with the current market value; and
 - (ii) undertake a valuation of the land if the valuation is assessed as not consistent with the current market value;
- (f) the local government is to, upon the determination of the independent certified practicing valuer's valuation:
 - (i) give to the applicant a notice stating the establishment cost for the land;
 - (ii) index the establishment cost for the land using the CPI from the date of the independent certified practicing valuer's valuation to the date stated in the amended infrastructure charges notice; and
 - (iii) issue an amended infrastructure charges notice;
- (g) the local government however is not required to refer the valuation to the registered valuer or the independent certified practising valuer if the applicant has not paid to the Council the prescribed fee including the costs of the registered valuer under paragraph (b) and the independent certified practicing valuer under paragraph (e).

26. Calculation of the actual cost

- (1) The *actual cost* for the work is the cost of the design and construction of the work:
 - (a) including the following:
 - (i) the construction cost for the work;
 - (ii) construction on costs for the work which do not exceed the maximum construction on costs stated in schedule 9 for the following:
 - (A) the cost of survey for the work;
 - (B) the cost of geotechnical investigations for the work;
 - (C) the cost of only detailed design for the work;
 - (D) the cost of project management and contract administration;
 - (E) the cost of environmental investigations for the work;

- (F) a portable long service leave payment for a construction contract for the work;
- (iii) risk and contingencies which do not exceed 10% for the cost of that part of the of the work in a construction contract which is subject to a contingency.

Example—

A construction contract for a trunk road infrastructure network item may state a contingency for pavement design and service relocation.

- (b) excluding the following:
 - (i) the planning of the work;
 - (ii) a cost of carrying out temporary infrastructure;
 - (iii) a cost of carrying out other infrastructure which is not part of the trunk infrastructure contribution;
 - (iv) a cost of the decommissioning, removal and rehabilitation of infrastructure identified in paragraphs (ii) and (iii);
 - (v) a part of the trunk infrastructure contribution provided by:
 - (A) the local government; or
 - (B) a person, other than the applicant or a person engaged by the applicant;
 - (vi) a cost to the extent that GST is payable and an input tax credit can be claimed for the work;
 - (vii) a cost attributable directly or indirectly to the failure of an applicant or a person engaged by the applicant to perform and fulfil a relevant approval for the work;

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (viii) a cost caused or contributed to by a negligent or wilful act or omission by the applicant or a person engaged by the applicant;
- (ix) a cost of carrying out development infrastructure which is only made necessary by the development and does not contribute to the function of the trunk infrastructure item;
- (x) a cost of carrying out trunk infrastructure which relates to another development infrastructure network;
- (xi) a cost of carrying out development infrastructure which is replacing existing infrastructure with different infrastructure in another development infrastructure network;

(xii) a cost of existing development infrastructure which services or is planned to service existing or future demand that is replaced by the trunk infrastructure contribution.

Editor's note—Trunk road infrastructure works are only to be carried out by a *suitably qualified civil contractor*.

27. Application of an offset and refund

The following apply if a trunk infrastructure contribution services or is planned to service premises other than premises the subject of the relevant approval and an adopted charge applies to the development the subject of the relevant approval:

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (a) an **offset**—where the cost for the trunk infrastructure contribution calculated in accordance with section 28 (Information about an offset and refund) is equal to or less than the levied charge; and
- (b) a *refund*—where the cost for the trunk infrastructure contribution calculated in accordance with section 28 (Information about an offset and refund) is more than the levied charge.

28. Information about an offset and refund

- (1) If an offset applies, the cost for the trunk infrastructure contribution is to be worked out by the local government in accordance with:
 - (a) for the calculation of the establishment cost section 23 (Calculation of the establishment cost);
 - (b) for the recalculation of the establishment cost for work calculated under paragraph (a) section 24 (Recalculation of the establishment cost for work);
 - (c) for recalculation of the establishment cost for land calculated under paragraph (a) section 25 (Recalculation of the establishment cost for land);
 - (d) for calculation of the *actual cost* for work section 26 (Calculation of the actual cost) where less than the establishment cost for work calculated under paragraph (a).

Editor's note—Calculation of an offset and refund for work pursuant to subclause (1)(d) will be used when the details provided in accordance with section 29(1)(b) (Timing of an offset and refund) evidence that the **actual cost** is less than the establishment cost for work calculated pursuant to subclause (1)(a).

(2) If a refund applies, the refund is to be worked out by the local government as the amount equal to the difference between the cost for the trunk infrastructure calculated in accordance with subsection 28(1) and the amount worked out by applying the adopted charge to the premises as follows:

R = C - LC

Where:

R is the refund amount.

C is the cost of the trunk infrastructure provided.

LC is the levied charge.

29. Timing of an offset and refund

- (1) An applicant entitled to seek an offset or refund for the trunk infrastructure contribution is to:
 - (a) give to the local government a notice which states the following:
 - (i) the date the trunk infrastructure contribution the subject of an offset or refund was lawfully completed;
 - (ii) that the trunk infrastructure contribution has been provided in accordance with the relevant approval for the trunk infrastructure contribution;

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- (b) for works, unless the cost of the trunk infrastructure contribution has been determined in accordance with section 24 (Recalculation of the establishment cost for work), provide full details of the *actual cost* in the form of the tender documentation including any variations, invoices and proof of payments; and
- (c) pay the prescribed fee.

Editor's note—The prescribed fee may include the local government's costs for determining the matters in subsection (1)(a) and (1)(b).

- (2) The local government is to as soon as reasonably practicable after receiving a notice under subsection (1):
 - (a) determine whether the trunk infrastructure contribution has satisfied the matters in subsections (1)(a) and (1)(b); and
 - (b) give to the applicant a notice stating the outcome of the local government's determination.
- (3) The local government if satisfied of the matters in subsections (1)(a) and (1)(b) is to, unless otherwise provided for in an infrastructure agreement:
 - (a) for an offset—set off the cost determined in accordance with section 28 (Information about an offset and refund) for the trunk infrastructure contribution against the levied charge when the levied charge stated in the infrastructure charges notice is payable under the Planning Act;
 - (b) for a refund—give the refund when stated in the infrastructure charges notice.

- (4) The local government has adopted a policy position in relation to the determination in an infrastructure charges notice of when a refund is to be given by the local government to achieve the following policy objectives:
 - (a) to seek to integrate the local government's land use and infrastructure plans;
 - (b) to implement the local government infrastructure plan as the basis for the local government's trunk infrastructure funding;
 - (c) to implement infrastructure funding which is equitable, accountable and financially sustainable for the local government.
- (5) The local government's policy position in relation to the determination in an infrastructure charges notice of when a refund is to be given by the local government and related matters is as follows:
 - (a) for a trunk infrastructure contribution for identified trunk infrastructure which is identified in the local government's capital works program at the date of the relevant approval with a planned date that is consistent with the local government infrastructure plan:

Editor's note—A relevant approval is a development approval under the Planning Act 2016.

- the refund may be given in accordance with the payment triggers in paragraph (ii) until the planned date, at which time the balance of the refund is to be given by 31 December of the financial year following the planned date;
- (ii) the following payment triggers achieve the local government's policy objectives:
 - (A) for a refund which is an amount that is less than \$100,000—the refund may be given by 31
 December of the financial year following the completion of the trunk infrastructure contribution;
 - (B) for a refund which is an amount that is \$100,000 or more but not more than \$500,000—the refund may be given annually over 3 financial years in equal payments by 31 December in each financial year commencing in the financial year following the completion of the trunk infrastructure contribution;
 - (C) for a refund which is an amount that is \$500,000 or more but not more than \$1 million—the refund may be given annually over 5 financial years in equal payments by 31 December in each financial year commencing in the financial year following the completion of the trunk infrastructure contribution;
 - (D) for a refund which is an amount that is \$1 million or more—the refund may be given annually in equal payments of \$250,000 by 31 December in each financial year commencing in the financial year following the completion of the trunk infrastructure contribution until the amount is paid;

- (iii) each amount to be paid under paragraph (i) is to be increased by the CPI from the date of the infrastructure charges notice for the refund to the date that the amount is paid;
- (b) for a trunk infrastructure contribution for identified trunk infrastructure (for which subsection 29(5)(a) does not apply) or different trunk infrastructure which is provided before or in the planned date or period for the trunk infrastructure contribution stated in the local government infrastructure plan:
 - (i) the following payment triggers achieve the local government's policy objectives:
 - (A) for a refund which is an amount that is less than \$100,000—the refund may be given by 31
 December of the financial year following the end of the relevant planned date or period for the trunk infrastructure contribution;
 - (B) for a refund which is an amount that is \$100,000 or more but not more than \$500,000—the refund may be given annually over 3 financial years in equal payments by 31 December in each financial year commencing in the financial year following the end of the relevant planned date or period for the trunk infrastructure contribution;
 - (C) for a refund which is an amount that is \$500,000 or more but not more than \$1 million—the refund may be given annually over 5 financial years in equal payments by 31 December in each financial year commencing in the financial year following the end of the relevant planned date or period for the trunk infrastructure contribution;
 - (D) for a refund which is an amount that is \$1 million or more—the refund may be given annually in equal payments of \$250,000 by 31 December in each financial year commencing in the financial year following the end of the relevant planned date or period for the trunk infrastructure contribution until the amount is paid;
 - each amount to be paid under paragraph (i) is to be increased by the CPI from the date of the infrastructure charges notice for the refund to the date that the amount is paid;
- (c) for a trunk infrastructure contribution for identified trunk infrastructure or different trunk infrastructure which is provided after the planned date or period for the trunk infrastructure contribution stated in the local government infrastructure plan:
 - (i) the following payment triggers achieve the local government's policy objectives:

- (A) for a refund which is an amount that is less than \$100,000—the refund may be given by 31
 December of the financial year following the completion of the trunk infrastructure contribution;
- (B) for a refund which is an amount that is \$100,000 or more but not more than \$500,000—the refund may be given annually over 3 financial years in equal payments by 31 December in each financial year commencing in the financial year following the completion of the trunk infrastructure contribution;
- (C) for a refund which is an amount that is \$500,000 or more but not more than \$1 million—the refund may be given annually over 5 financial years in equal payments by 31 December in each financial year commencing in the financial year following the completion of the trunk infrastructure contribution;
- (D) for a refund which is an amount that is \$1 million or more—the refund may be given annually in equal payments of \$250,000 by 31 December in each financial year commencing in the financial year following the completion of the trunk infrastructure contribution until the amount is paid;
- (ii) each amount to be paid under paragraph (i) is to be increased by the CPI from the date of the infrastructure charges notice for the refund to the date that the amount is paid;
- (d) for a trunk infrastructure contribution for necessary trunk infrastructure:
 - the local government is to estimate the period in which the trunk infrastructure contribution would have been planned to be provided had it been included in the local government infrastructure plan having regard to the method used by the local government to work out the relevant planned date or period of items of identified trunk infrastructure for the network of development infrastructure stated in the extrinsic material to the local government infrastructure plan (*specified date or period*);
 - the local government is to upon the completion of the trunk infrastructure contribution include the trunk infrastructure as existing trunk infrastructure in the local government infrastructure plan;
 - (iii) the following payment triggers achieve the local government's policy objectives:
 - (A) for a refund which is an amount that is less than \$100,000—the refund may be given by 31 December of the financial year following the end of the specified date or period for the trunk infrastructure contribution;

- (B) for a refund which is an amount that is \$100,000 or more but not more than \$500,000—the refund may be given annually over 3 financial years in equal payments by 31 December in each financial year commencing in the financial year following the end of the specified date or period for the trunk infrastructure contribution;
- (C) for a refund which is an amount that is \$500,000 or more but not more than \$1 million—the refund may be given annually over 5 financial years in equal payments by 31 December in each financial year commencing in the financial year following the end of the specified date or period for the trunk infrastructure contribution;
- (D) for a refund which is an amount that is \$1 million or more—the refund may be given annually in equal payments of \$250,000 by 31 December in each financial year commencing in the financial year following the end of the specified date or period for the trunk infrastructure contribution until the amount is paid;
- (iv) each amount to be paid under paragraph (iii) is to be increased by the CPI from the date of the infrastructure charges notice for the refund to the date that the amount is paid;
- (e) for a trunk infrastructure contribution for prescribed trunk infrastructure:
 - the local government is to upon the completion of the trunk infrastructure contribution include the trunk infrastructure as existing trunk infrastructure in the local government infrastructure plan;
 - (ii) the following payment triggers achieve the local government's policy objectives:
 - (A) for a refund which is an amount that is less than \$100,000—the refund may be given by 31 December 2036;
 - (B) for a refund which is an amount that is \$100,000 or more but not more than \$500,000—the refund may be given annually over 3 financial years in equal payments between 31 December 2036 and 31 December 2039;
 - (C) for a refund which is an amount that is \$500,000 or more but not more than \$1 million—the refund may be given annually over 5 financial years in equal payments between 31 December 2036 and 31 December 2041;

- (D) for a refund which is an amount that is \$1 million or more—the refund may be given annually in equal payments of \$250,000 from 31 December 2036 until the amount is paid;
- (iii) each amount to be paid under paragraph (ii) is to be increased by the CPI from the date of the infrastructure charges notice for the refund to the date that the amount is paid.
